Darco Med Surg Shoe

\$22.50

The DARCO MedSurg™ Shoe is designed to provide the foot with solid protection and accommodate bulky bandages with ease. It features a square-toe design to provide added protection for the toes. The sole has a metashank design that provides added support to the metatarsal region when walking. The DARCO MedSurg™ Shoe has a velcro closure across the front which can fit up to a 17 inch circumference from large bandages and dressing. The DARCO MedSurg™ has a rocker bottom sole which is designed to reduce pressure on the bottom surface of your foot by up to 25% for a more comfortable walking experience.

Large	10.5 - 12	MQW3B
Child's Size	Shoe Size	
Pediatric	Child 12 - 1	MQPB

Darco Orthowedge

\$28.00

Since pressure and abrasion are the enemies of wound care, the OrthoWedge™ is designed to naturally reduce the number of steps taken by the patient while still allowing them to ambulate when necessary. The DARCO OrthoWedge™ has been tested under fire in both clinical and real world settings and continues to produce outstanding results. When forefoot off-loading is required to allow wounds/ulcerations under the metatarsal heads and toes to heal, nothing beats Orthowedge™

Orthowedge Shoe
